lovinggirlylife I'm always so excited to find out about the new launches by @wetbrushaustralia because it's made such a big difference to my hair 🥰
Featured in this picture is the Tourmaline Blowout WetBrush-Pro, which adds shine and tames flyaways thanks to its tourmaline ionic barrel. It's also got crimped bristles that create the perfect amount of tension to make hair super smooth, AND that very helpful pointy end to make separating hair way easier 🥰
And then we have the GORGEOUS Rose Gold Deluxe Detangler, with super soft and flexible bristles (just like all the other ones by the brand) which glide easily through tangles, minimizing pain, split ends and breakage 🥰
Have you guys tried WetBrush? I honestly can't recommend it enough!!
