## GOODBYE LIPLINER

The Duchess tends to be loyal to classic nudes and pale pink lipsticks. After going through a phase of outlining her pout with a harsh lipliner, making her lips seem thinner, she has now softened the look, which adds volume to her lips and complements her newly whitened teeth.

TOP TIP

We've heard Kate wears **Bobbi Brown Lip Color** in Sandwash Pink (4), \$44, and tops it off with **Bobbi Brown Crystal Gloss** (5), \$44, which makes her lips look plumper.

The Duchess's 'dos get the Hollywood treatment...

## COPY-KATES

8 JAN, 2012

A voluminous blow wave teamed with a black lace gown gives Kate a sexy edge.

26 FEB, 2012

Angelina Jolie wears a similar sultry style on the red carpet little more than a month later.

## PEACHY NAILS

Kate used to keep her nails simple with just a coat of flesh-coloured polish, but her new peachy shade brightens her hands and sets off that huge sapphire sparkler.

TOP TIP

Our beauty secret is to apply three super-thin coats. For medium skin, try **Essie Varnish** in A Crewed Interest (6), \$18.95. Brighten darker skin tones with **Becca Nail Colour** in Dancing Barefoot (7), \$25. For pale skin, try an orange-based pink, like **Butter London Lacquer** in Pink Ribbon (8), \$22.

## GLOSSY TRESSES

Kate's signature blow wave has been amped up and her hair has mega-watt shine. She's even mixing up her styles, from a low braided bun to sexy smooth cascading waves.

TOP TIP

For Kate's va-va-voom, use big velcro rollers like **Hair FX Self Gripping Rollers** (9), from \$6.95, and a large round brush such as **Moroccanoil Brush 55mm** (10), \$28.75. Kate's hairdresser, Richard Ward, is said to prescribe **Kérastase Nutritive Anti-Frizz Smoothing Shampoo** (11), \$37, for lasting shine.

APRIL 26, 2012

The duchess loves an elegant half-up, half-down 'do.

JUNE 4, 2012

Starlet Camilla Belle does too, but goes for a less tamed version.

11 MAY, 2012

Kate is queen of the sleek braided bun.

14 MAY, 2012

Lea Michele wears the look in a more relaxed style.

### Princess Charlene

With her hot-pink lips, sharp pixie cut and film star jewellery, Princess Charlene of Monaco looks more like Charlize Theron than her former swimmer self. Our fave makeover of the year!

### Sarah Ferguson

In the 80s, Sarah Ferguson was a fashion frump with wild hair. By the early 90s she'd lost weight, tamed her unruly locks and overhauled her wardrobe.
