PROENZA SCHOULER.

Hang loose

DIY city-chic is how hair director Paul Hanlon describes the swept-back ponytails seen at Proenza Schouler. "It's a cool New York girl who just throws it together," he says, "but the centre-part makes it more polished; it's very Sissy Spacek."

On the side

The pretty side-sweeps at shows such as Alberta Ferretti and Gianfranco Ferré were a nod to the 1960s debutante, while Gucci and Yves Saint Laurent opted for a futuristic sheen.
