beautyandlifestylehunter ❤️ Got the blues... ok, getting going on dark, cold and wet Melbourne winter mornings isn't exactly the easiest, but at least these Quickie Me Dry Shampoos from @designmehair available from @iglamour_au make things a little easier.

Most dry shampoos come only in spray form, but these #designme products come in spray form and foam.

Regardless of the texture you pick, they really are super quick and easy to work into the hair to instantly soak up any excess oils and refresh the hair and for me, give it some much needed volume and texture too. And very importantly, without giving you that dreaded white cast/residue

The both have a gorgeous natural fresh scent, and I love that they are vegan, cruelty free and sulphate free too. Have you tried any of the products from #designme ❤️

Ever shopped at #iglamour? ❤️
