THE MANICURED MANE

Forget loose waves, messy top-knots and buns, sleek hair has made a comb-back.

L'Oréal Melbourne Fashion Festival

The pendulum has swung again and, this time, wavy, unstructured hair has been pushed aside for something more smooth and sleek. To get a polished look, it's all about preparation and a few secret styling products.

here's how:

- 1 Blow-dry hair straight, using a round brush to gently sculpt the hair.
- 2 Run hot irons through hair from root to tip, section by section, removing any frizz.
- 3 Carefully apply L'Oréal Professionnel Techni.art Fix Max Gel with a paint brush to the roots of the hair only.
- 4 Blow-dry the roots, coaxing the hair straight back over the crown, allowing the gel to dissolve.
- 5 Finish with a shine or gloss spray to seal the look.

CURVES AHEAD

We all know how painful shopping for jeans can get. Straight leg, skinny leg, boot-cut, high-waist, low-waist, no-waist, spray-on! Let's just say there's no "one-size fits all" when it comes to denim, which is why we think Levi's® Curve ID is pretty damn clever. Using a revolutionary fit system based on shape, not size, you'll easily find a pair that feels and looks like they were made for your body. levis.com.au follow us: facebook.com/levisanz
