Diane adds volume up top to give her high pony red-carpet cred

ASHISH A/W 12-13

DIANE KRUGER

HIGH & FLIRTY

PONY PROFILE Diane Kruger is a fan of the cheerleader-style pony, transformed from gym-class casual into killer cocktail with a shot of texture. "Sexy and playful, this is the ultimate take-you-anywhere 'do," says Barney.

BEST SUITS Most hair types, except extra-thick.

STYLING TIME 5 minutes.

DIY KIT "A blast of dry shampoo will give enough grip for you to just pull it up with your hands. Let the top stay a little messy then work body through the tail with a hot tong," says Barney. Spritzing sea-salt spray through the mid-lengths will then help inject Ashish-style texture and movement, but to keep it looking expensive and luxe, especially with fine hair, leave your ends soft and product-free.

1. **Fastlane** Dakota Fast Waver hairstyler, \$79.95 (1800 251 215) – A wave tong clamps in a loose, sexy movement. 2. **Tresemme** Fresh Start Waterless Foam dry shampoo, \$11.49 (1800 061 027) – Pumps up volume in wavy hair without having to be brushed out. 3. **De Lorenzo** Elements Ocean Mist Sea Salt Styling Spray, \$23.95 (1800 800 347) – Salt spray is a genius mix for textured waves and non-crunchy hold. ■
