sleek ponytail

SEEN AT: Donna Karan.

THE LOOK: "It's sleek, strong and has sex appeal," observes Garcia. She adds that this classic style will keep you cool (and your hair under control) on hot summer nights.

HOW TO GET IT: Prepare damp hair with a mist of leave-in conditioner and thermal protectant. Next, dry your strands using a paddle brush, making sure you direct the nozzle of your blow dryer down the hair shaft to promote smoothness and boost shine. Then, glide over lengths using a straightener to create a perfect sleek finish. Brush your lengths back into a high ponytail using a soft bristle brush and secure with an elastic. Once it's in place, take a small section of hair from the underside of

your elastic and spray with lots of strong-hold hairspray (until it's completely damp) and then wrap it around the base of your ponytail. Use your hairdryer to set the hair wrapped around the elastic in place. This will take away the need for bobby pins. Finish by adding sheen and hold with shine serum or high-shine hairspray.

TOOLKIT: Protect your hair from heat styling with TRESemmé Keratin Smooth Heat Protection Shine Spray (1), \$11.49. Then, smooth and straighten using Shu Uemura Art of Hair Paddle Brush, \$120, and keep style in place with L'Oréal Paris Elnett Satin Hairspray (2), \$9.95, or Salon Smart Bungee Bands (3), \$9.95 for a pack of six.

boho braids

SEEN AT: Viktor & Rolf.

THE LOOK: "This modern-day, ethereal braid is just so perfect for the party season. It's fashion forward and takes no time at all," comments Nader.

HOW TO GET IT: Spritz sea salt spray from the roots to the ends of dry, freshly washed hair. Work it into your lengths using your fingers, and shake it dry until you have a dishevelled texture. Then, again using your hands, create a centre part, dividing hair into equal sections. Gather each into a ponytail behind each ear and secure with a snag-free elastic. Braid the tails one at a time, being careful not to pull too tightly, so they're loose and relaxed, then fasten the ends. Take each tail separately and wrap from ear to ear so they cross at the nape of your neck, and secure with short bobby pins that match your hair colour. Don't worry about any loose locks around your hairline; it will add to the youthful femininity of your 'do.

TOOLKIT: Create movement with a spritz of KMS California Hairplay Sea Salt Spray (5), \$36.95. Hold your style in place with Lady Jayne Elastomer Bands (6), \$5.49 for a pack of 50, and Premium Pin Company 888 Gold Bobby Pins (4), from \$17.50 for 200g.
