Your guide to daily glamour with Danielle Jackson

HAIR

To build body, hairstylist Ted Gibson sprayed volumiser on Chastain's roots and used a large round brush while blowing out her hair.

SKIN

For a lit-from-within glow, Kristofer Buckle used sheer foundation followed by illuminator on Chastain's cheekbones.

EYES

Buckle created a thick fringe of lashes with several coats of mascara and individual falsies. Gold shadow enhances her green eyes.

LIPS

Buckle gave Chastain softly stained lips by applying a rosy lipstick with his finger.

HAIR

Gibson used a 25mm-barrel curling iron around Chastain's face to create tight curls that wouldn't easily fall out. He used a 38mm-barrel curling iron everywhere else for longer, cascading curls.
