50s Sexy bed hair

HAIR "Voluminous hair with a glossy finish is the aim," says Jana Panoutsopoulos from People Hairdressing in Sydney.

"Use a lightweight styling product and blow-dry your hair with a medium round bristle brush to add some bounce, starting with the fringe."

After that, Jana suggests, part your hair down the middle once it's dry, and rough up the ends with your fingers for a tousled effect.

No fringe? No problems! Secure **Hairdo Tru2Life Clip-In Fringe with Wisps (1)**, \$39.95, into the front section of your hair.

INSPIRATION

Legendary 1950s French movie siren Brigitte Bardot, with her messed-up mane and kittenish fringe.

MAKE-UP

"I've used lots of black gel eyeliner to get Kelly's smoky eye but you can use a kohl pencil for easier application," make-up master Nigel Stanislaus says.

"Blend a mushroom shadow over the eye socket and upwards. Then draw liner close to lashes, extending slightly on top lashline to create a base for false lashes."

Maybelline New York Expert Wear Eye Shadow Quad in Enchanted Forest (2), \$14.95, paired with **Hourglass Liquid Script Liner in Black (3)**, \$48, gives a sexy eye. Finish with **Innoxa Couleurs D'ete Summer Matte Lipstick in Sugar Frosted (4)**, \$14.95, to make lips look fuller.

'I haven't had a fringe since I was eight,' Kelly says. 'I like it, and I love a good smoky eye!'

Mary says

'Before attempting these classic looks, give your tresses a deep treatment and rinse well. You'll have a beautiful, well-nourished base to work with.'

INSPIRATION Big, full-on hair as worn by Jane Fonda in 1968 film *Barbarella*.

60s Glamourpuss

HAIR "Volume styling products and hairpieces will create fullness," Jana says.

Clip in pre-wavy hairpieces such as **Hairdo Tru2Life Clip-In 5pc System (3)**, \$59.95, through the crown. Use a curling iron such as **BaBylissPRO Ceramic 25mm Curling Iron (2)**, \$82.95, then pin curls until they cool off, shake them out and spritz with a styling spray. Finally, secure the front section back with pins.

MAKE-UP "This look is about false lashes, matte skin and frosted lips," Nigel says. "Once you apply the lashes, the rest comes together."

Apply a full set of lashes like **Napoleon Perdis Lash Patrol in #747L (1)**, \$15, to top lashes and coat bottom ones with a mascara such as **Diorshow Extase Flash Plumping Mascara in Black Extase (4)**, \$52. Blend colour along the brow bone and upwards, give your cheeks a wash of coral blush and apply frosted coral lipplie. We like **Bobbi Brown Metallic Lip Colour in Gilded Pink (5)**, \$44.

'I love this big hair! The lashes are effective in a photo but a bit wild for normal make-up.'

INSPIRATION 1970s supermodel Lauren Hutton.

70s Soft wave

HAIR "Blow-dry in volume with a round brush, then place heated rollers down each side of parting, three large ones on the crown and smaller ones at the back," Jana says. "Once they've cooled, take out rollers and brush out curls. A light hairspray and you're ready."

BaBylissPRO 20pc Ceramic Hot Roller Set (2), \$109.95, will help get the job done.

MAKE-UP "Sweep golden hues around the eyes to give a subtle halo effect and, using a lip brush, fill in lips with a berry lipstick," Nigel says. **M.A.C Eye Shadow in Amber Lights (1)**, \$33, and **Avon Ultra Color Rich Moisture Seduction Lipstick in Silky Peach (4)**, \$22.99, are so glam.

Give your cheeks colour with peach blush and lightly dust over a translucent powder. We like **Chic Australia Baked Contour Powder in Lilypilylove (3)**, \$49.95. It's a highlighter and translucent powder in one.

"This is my favourite. It's similar to how I wear my hair and make-up for the red carpet."

80s Rock chick

HAIR "My tip is to apply volumising mousse to the roots, then tip your head upside down and dry your hair with a blow-dryer until it's damp and smooth, using a round brush to curve the ends," Jana says.

Revlon Perfect Style Ion + Ceramic Hot Tube Brush (2), \$14.95, is a must. Finish with a low side part and rough your hair by sweeping the front section forward and across one eye, then apply a light serum like **Brazilian Blowout Acai Daily Smoothing Serum (5)**, \$39.95.

MAKE-UP "With this look, when applying your eye make-up think cat's eyes," Nigel advises.

Use upward brush strokes with shadows and a soft kohl pencil like **Jane Iredale Pencil Crayon in Basic Black (4)**, \$20, close to lashes. Give cheeks a chiselled look with bronzer, and your lips a creamy finish. Team **St.Tropez Bronzing Rocks (1)**, \$64.95, and **Benefit Full-Finish Lipstick in Mod Squad (3)**, \$36.

INSPIRATION Blondie singer Debbie Harry's sexy, dishevelled hair and smouldering cat's eyes.

"I look so different... I don't recognise myself! It requires a special occasion to pull this off."

TREND ALERT

Roaring 20s

We love Tilly Devine's vampy look in *Underbelly Razor*. Here's how to copy the style.

Tilly Devine, as played by Chelsie Preston Crayford, is a sassy character with style.

CLASSIC CURLS IN 3 EASY STEPS

PREP Spritz washed hair with heat protective spray, then part on its natural side using a tail comb. We love **ghd Creation Spray (2)**, \$35, and **Mason Pearson Tail Comb (5)**, \$21.95. **PREEN** Start from your hairline and work your way back, curling 2cm sections of hair with tongs like **BaBylissPRO**

Ceramic 25mm Curling Iron (1), \$82.95. Without unravelling curls, remove iron and pin hair in place, using **Hair FX Bobby Pins (4)**, \$3.50 for a pack of 60. **PIN** When curls have cooled, take out pins and comb hair using fingers. Spray style in place with **L'Oréal Paris Elnett Satin Diamond Hold & Shine (3)**, \$9.95.

GET THE MAKE-UP TO MATCH

1. Apply a matte foundation for a porcelain finish. **M.A.C Matchmaster SPF15 Foundation**, \$59, is long-lasting.
2. Blend a pink blush such as **Nars Blush in Lovejoy**, \$49, onto the apples of your cheeks.
3. Apply a soft charcoal eyeshadow close to lashline and blend. **Smashbox Eyelights Eye Shadow Palette in Smokebox**, \$49.95, glides on easily.
4. **Dior Diorshow Iconic High Definition Lash Curler Mascara in Black**, \$52, is like a mascara and eyelash curler in one.
5. Apply **Youngblood Lipstick in Bistro**, \$38, using a lip brush for a neat red-hot pout.

Nicole Richie loves the look.
