Waves suit most face shapes and hair lengths, as they soften long faces and add a feminine touch to shorter hair. If you have a fuller face, heighten the wave on your forehead for a slimming effect.

## Cascading waves for long hair

**Fergie** pairs red lips with 40s-inspired waves for a glam look. Start with a protective heat spray, then blow-dry with a round-bristle brush. Starting at your hairline, use hot rollers on small sections, working your way backwards. Remove when cool, and part hair. Loosen curls with fingers and finish with a shine spray.

Heat protector: **MATRIX DESIGN PULSE IRON IN THERMAL STYLING MIST, \$20.95**. Glistening finish: **L'ORÉAL PARIS ELNETT SATIN ABSOLUTE EXTREME HOLD, \$9.95**. Hot rollers: **BABYLISS PRO CERAMIC & IONIC 30PC HAIR SETTER, \$159.95**.

## Side-swept curls for medium length

**Hilary Swank** is looking sexier than ever, thanks to her sophisticated wave. Blow-dry hair prepped with a heat protectant, divide into top, middle and bottom sections, and clip back. From the bottom, wrap 5cm sections around medium curling tongs and hold for five seconds. Continue upwards. When finished, sweep curls to one side and brush out. Finish with a dab of serum and light hairspray.

Leave-in protection: **GOLDWELL COLOR GLOW DEEP REFLECTS LEAVE-IN TREATMENT, \$25.95**.

## Marilyn-esque curls for crops

Rom-com queen **Katherine Heigl**'s flattering 50s style suits most face shapes. Create lasting waves with oomph by prepping hair with a touch of lightweight mousse. Curl small sections with small or medium hot tongs, then twist and secure curls with a clip. Once cooled, undo pins and create a low side parting, sweeping hair to one side. Run fingers through to loosen curls, then lightly mist with a strong-hold spray.

Lightweight mousse: **TIGI BED HEAD FOXY CURLS EXTREME CURL MOUSSE, \$27.95**.

Long-lasting finish: **SCHWARZKOPF SUPER STYLING LACQUER, \$4.99**. Hot tongs with curling clips: **REMINGTON PERFECT CURLS, \$43.95**.
