R e v i e w :

@iglamour_aus recently sent me the @ouidad Advanced Climate Control Range to try. The Ouidad products are designed for curls, but are different to curly girl method approved products, in fact they contain some ingredients that are not 'approved' by the curly girl method. I've been using the products for the last few weeks, about 7-8 washes, and I haven't noticed any adverse changes in my curls. In fact, I've been very happy with my wash day results. My thoughts on the products I tried are below :

Advanced Climate Control Defrizzing
