Hair time

'On a normal episode we have a half hour to style hair,' says Elizabeth. 'But if there's a special event, we're allowed more time to create the hair look'

Get the look VANESSA ABRAMS, AKA JESSICA SZOHR

"This is her look for Season Three," says Elizabeth. "We add in a couple of pieces and smooth hair from roots to ends. I use 1. Aveda Brilliant Anti-Humectant Pomade, \$44.95, 1300 300 054, and 2. Aveda Brilliant Spray-On Shine, \$39.95, to add shine without weighing hair down. I take front sections and only curl half with a curling iron to frame her face." 3. Jessica Simpson Hairdo 25" Clip-In Layered Straight Extensions, \$159.95, 1800 251 215

Hair change

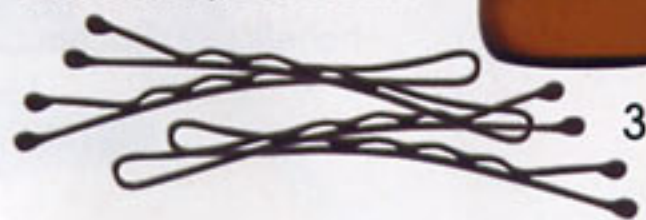

'In Season Three, we're entering womanhood, the fashion world and upscale life, so the hair is sexy, flowing and edgy,' says Elizabeth

Get the look SERENA VAN DER WOODSEN, AKA BLAKE LIVELY

"To achieve Blake's hair," says Jen, "I start with damp locks and spray roots with 1. Aveda Volumizing Tonic, \$34.95, 1300 300 054, then blow-dry roots by pulling up from the scalp with a brush. I leave hair a little damp and twist it into a bun. When it's dry, I shake out the bun and pull back the sides and hold it in place with bobby pins." Try 2. Mason Pearson Pocket Nylon & Bristle Brush, \$99.95, (03) 8587 4650. 3. Lady Jayne Contoured Bobby Pins, \$7.19 (pack of assorted sizes), 1800 651 146
