ROZALIA RUSSIAN

Gloss without grease

"While serums are great for creating shine and sealing frizz, make sure you're using a light hand with all styling products - you can always add more but it's harder to take it away," says Joey. How much you need depends on your hair type and the result you're seeking.

## PRO TIP

"An up-do high on the head is really flattering because it pulls back the face and eyes. Taking the sides back tighter but keeping texture slightly softer through the centre and around the hair line can help make the look less severe."

## SCANDIZZO'S MASTERCLASS

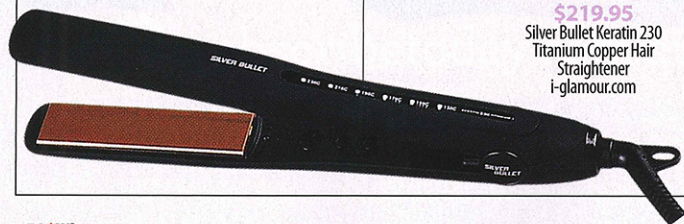

### STEP 1

I always prep with Eleven Australia Miracle Hair Treatment, but it's even more important when creating a sleek look because it hydrates, protects from heat and environmental damage and smooths frizz, which is really important for this look.

### STEP 2

Apply a sea salt spray to hair and dry in. Even though your aim is to create a smooth look, using a sea salt spray as your foundation product will help to give your hair guts and structure, making styling a lot easier.

### STEP 3

Create a clean middle part if you're going for Bella Hadid's style, or blow dry straight back for J.Lo's look, using a round brush to blow dry your hair smooth.

**TIP:** Always dry in the direction of the ponytail to make it super smooth, because having minimal height or volume at the crown is what makes this look modern. Finish with a cool shot of air to close to the cuticle to lock in the style and seal in the shine. For an extra smooth finish, run a flat iron through the lengths of your hair in the direction you want it to sit.

### STEP 4

Comb the top half of hair into position high on the head or lower at the nape of the neck and secure with an elastic. Gather remaining hair and add it to existing ponytail, securing with an elastic. Creating two ponytails ensures there is enough tension to keep the ponytail in place and prevents sagging below the ponytail over time.

**TIP:** To find the perfect position, use your face as a guide. The angle of your cheekbones will be the best position for a high ponytail and use the angle of your jawline as a guide to find the right spot for a low ponytail.

## ART ESCAPE

QT WELLINGTON

Immerse yourself in the arts with a stay at QT Wellington's Gallery 4. Launched this month, the hotel commissioned 19 of New Zealand's top artists to transform 25 rooms on the fourth floor of the hotel. With no room the same, you'll find unique artwork from established and up-and-coming artists on the walls, balconies and ceilings. Head to [qtwellington.com](http://qtwellington.com) to find out more.

## FIRST LOOK

### Capella Lodge

Lord Howe Island's most sought-after luxury accommodation, Capella Lodge, has recently reopened following a \$4 million refurbishment by Baillie Lodges that took four months. The Capella Spa has been re-imagined in a loft setting overlooking the ocean, while additions in the main lodge include a teak-clad bar as well as new furniture and soft furnishings that create a more contemporary Lord Howe feel. It looks incredible! [capellalodge.com.au](http://capellalodge.com.au).

## WHAT'S ON

### TASTE OF TASMANIA

The 30th annual Taste of Tasmania festival kicks off on Dec. 28, and as the largest food festival in Australia, it will showcase the best food talent in Tasmania, with masterclasses, tastings and live music over four days.
