

PRODUCT REVIEW: OMG SPA COLLECTION INCLUDING OMG DOUBLE-DARE MULTI-STEP FACE MASKS FOR EVERY SKINCARE NEED - FROM IGLAMOUR

Have you heard, OMG! Double Dare has now landed in Australia via Iglamour. The brand was founded in Los Angeles, California, and has some cool and innovative beauty masks that have been carefully formulated to effectively and reveal your most beautiful skin.

The masks have also been designed to be easy to use and mess-free, whether you are at home or travelling, as they come in travel-friendly pouches taking up less room than jars and tubes.

The range consists of several different masks, and I've been kindly sent a selection to put to the test, including;

- OMG 2 in 1 Kit Detox Bubbling Mask*
- OMG 3 in 1 Kit Peel Off Mask*
- OMG Platinum Green Facial Mask 3 Step*
- OMG Platinum Hot Pink Facial Mask Kit 3 Step*
- OMG Platinum Silver Facial Mask Kit*
- OMG Platinum Purple Facial Mask Kit*

As well as I was also sent;

- OMG Hair Band*
- OMG Application Brush*

I'll be honest and admit that I am yet to use all of these masks, but have only used a couple, so I'll quickly run you through the benefits of each, and my thoughts of those I have used so far. Common for all the masks is that they feature colourful peel-off formulas and each includes a minimum of two steps.

The **OMG 2 in 1 Kit Detox Bubbling Mask** is a deep cleansing mask with step one including the detox bubbling mask with small carbonated bubbles simulating and cleansing the skin to remove traces of excess oil, sebum and dead skin cells. It is to be left on the skin for 1-3 minutes before being rinsed off. The second step is the microfibre mask made with hydrolysed collagen and plant-based stem cells to give the skin a healthy, younger looking glow. It can be left on the skin for 15-20 minutes.

I tried this mask, and love the sensation of the bubbling, which really seems to clean out my pores and detox the skin, while the following sheet mask, soothes and hydrates my skin, leaving it soft and glowing.

The **OMG 3 in 1 Kit Peel Off Mask** is designed to help boost the skin's firmness and reduce the appearance of fine lines. It includes 3 steps; the first step is the Eye Zone 24K gold Eye patch which are hydrogel patches to reduce fine lines, wrinkles and crows feet for firmer, revitalised and more youthful eyes. Second step is the Face + Neck Peel off Mask to remove dead skin cells and excess oil, to reduce the appearance of pores, while lifting and firming the skin. It is to be applied with the application brush, and then left on for 20-30 minutes. You then remove the eye patches and gently peel off the mask, and rinse off any residue. The 3 and last step is the Moisture Finishing Cream, designed to hydrate, restore and replenish the skin.

I really liked this mask, and the inclusion of the eye patches for my tired puffy eyes. The mask left my skin feeling softer and smoother and also looking more plump. The golden formula makes it feel very luxurious.

The **OMG Platinum Green Facial Mask 3 Step** is made with antioxidant rich ingredients including apple extract, and designed to cleanse the skin and eliminate impurities and regulate sebum production. The first step is a Detox Bubbling Mask to remove dead skin cells and draw out impurities, while the second step is a Green Peel Off Mask to help eliminate impurities and enhance the complexion. The final step is a Serum Pad with hydrolysed collagen, Lavender oil and grapefruit peel oil to moisturise, soothe and brighten the skin.

I opted to try this mask too as my skin has been quite breakout prone lately, and I liked how it left my skin feeling less greasy and clearly more refined after use, while also being soft, smooth and radiant.

The **OMG Platinum Hot Pink Facial Mask Kit 3 Step** is made with rose centifolia to help moisturise and pelargonium to help control excess oils and impurities. The first step is a Detox Bubbling Mask to remove dead skin cells and draw out impurities, while the second step is a Hot Pink Peel Off Mask to help eliminate impurities, firm, smooth and enhance the complexion. The final step is a Serum Pad with hydrolysed collagen, Lavender oil and grapefruit peel oil to moisturise, soothe and brighten the skin.

The **OMG Platinum Silver Facial Mask Kit 3 Step** is made with diamond and pearl extracts and designed to help revitalise tired complexions for a more refreshed and radiant skin. The first step is a Detox Bubbling Mask to remove dead skin cells and draw out impurities, while the second step is a Silver Peel Off Mask to help eliminate impurities, revitalise and brighten the skin, while the final step is the Serum Pad with hydrolysed collagen, Lavender oil and grapefruit peel oil to moisturise, soothe and brighten the skin. I am yet to try this one, and think it will be coming with me on my upcoming trip to Europe, as it will no doubt be great to get some life back into my skin again after the long flights.

Finally, the **OMG Platinum Purple Facial Mask Kit 3 Step** is made with anti-oxidant rich blackberry extracts to brighten and protect the skin from environmental damage along with blueberry extract to cleanse and tighten the pores. The first step is again the Detox Bubbling Mask to remove dead skin cells and draw out impurities, while the second step is a Purple Peel Off Mask to help eliminate impurities, add anti-oxidants and revitalise the skin, while the third step is the Serum Pad with hydrolysed collagen, Lavender oil and grapefruit peel oil to moisturise, soothe and brighten the skin.

Not to forget, there's the adorable **OMG Hair Band**, with its adorable big bow and ever so soft. Perfect for keeping your hair away from the wash when washing it or doing face masks. Available in lots of cute colours.

And last but not least, the **OMG Standing Mask Brush**, which has soft bristles to help apply face masks effortlessly, without getting greasy fingers. It is made from synthetic bristles, which prevents build-up, and it is designed to be able to stand up to both avoid contact with surfaces to avoid bacteria and to stop your vanity from getting dirty. Easy to clean simply rinse with soap and water, dry and use over and over again.

Overall, I am really impressed with products from OMG. I quite like how the masks from OMG, and I love how they come with several steps for an overall spa experience and better result. The colours are super fun - and the silver and golden ones add a touch of luxe, but best of all, there are so many different masks in the range, that there's something for every skin issue and need.

OMG Face Masks - RRP: \$16.95 each
OMG Standing Mask Brush - RRP: \$24.95
OMG Hair Band - RRP: \$16.95 each
