BRUSH *with fame*

Lusting after celebrity locks?
We've got all the tips and tools
you need to style an A-list 'do.

Hailee Steinfeld

PADDLE POWER

If you're after Hailee's wet-look locks, opt for a flat paddle brush. The bristles are contoured to help stimulate the scalp, while the brush's rubber cushion allows for sleek, static-free tresses.

OUR PICK: The Body Shop Bamboo Paddle Brush in Large, \$24.95.

Lily Collins

FUN-SIZE

A petite, rounded brush is an easy way to give locks that are as short and choppy as Lily's major volume. Try using a brush which has staggered bristles to avoid creating unwanted frizz.

OUR PICK: Freestyle Naturals Extra Small Round Brush, \$8.99.

Jourdan Dunn

WAVE-MAKER

Turn yesterday's ringlets into Jourdan's relaxed 'do with a boar-bristle brush. The soft cushion will help soften bed-head kinks, while the longer nylon bristles work through any knots without snapping your strands.

OUR PICK: Rock & Ruddle Leopard Fur Brush Large, \$59.95.
