# 5 WAYS TO

GET YOUR MAKE-UP RIGHT AND YOU CAN INSTANTLY LOOK YEARS YOUNGER. GET IT WRONG AND IT CAN AGE YOU. WE TELL YOU EXACTLY WHAT YOU NEED TO LOOK YOUNGER IN A FLASH!

# Drop 5 years today!

## 1. Complexion perfecters

These trailblazers not only minimise wrinkles, even out skin tone and reduce pores, but their innovative, results-driven formulas mean you won't feel like you're wearing anything under your make-up either – genius!

Blur creams, pore minimisers and CC (colour correcting) creams all work to give you a better base for make-up.

**TO SMOOTH AWAY WRINKLES** L'ORÉAL PARIS REVITALIFT MAGIC BLUR (a), \$29.95.

**TO EVEN OUT SKIN TONE** REVLON AGE DEFYING CC CREAM (b), \$26.95.

**TO HOLD MAKE-UP FOR LONGER** NP SET CALMING PRE-FOUNDATION PRIMER (c), \$33.

## 2. Base tactics

With age, skin becomes patchier – but don't get too heavy-handed with your foundation.

'You want to go light and natural-looking with base,' says L'Oréal Paris make-up artist Elsa Morgan. 'The trick is to use the foundation to give a fresh, overall skin tone, and then use other products to address specific areas, such as an illuminating concealer on the eye area.'

**WE LOVE** NAPOLEON PERDIS AUTO PILOT RADIANCE BOOSTING PRIMER (d), \$55. L'ORÉAL PARIS NUDE MAGIQUE ANTI-DULLNESS CC CREAM (e), \$26.95. GARNIER SKIN NATURALS BB CREAM EYE ROLL-ON (f), \$13.95. L'ORÉAL PARIS NUTRILIFT GOLD ANTI-AGEING SERUM FOUNDATION (g), \$39.95.

## 3. All about eyes

'You want to give definition to your face,' says Max Factor national make-up artist Liz Kelsh. 'Define eyebrows with a slight arch, curl lashes and apply mascara – you can have a natural make-up look but just make everything stand out a little bit more.'

'I put black eyeliner right down to the base of the lashes and lift it up at the end for an instant eye lift, while a smudge of shimmer in the inner corners of the eyes will open up that area.'

**WE LOVE** DESIGNER BRANDS LASH EXTENSIONS WATER RESISTANT MASCARA (h), \$8.99. TWEEZERMAN ONYX GREAT GRIP EYELASH CURLER (i), \$29.95. DESIGNER BRANDS EXTEND A BROW (j), \$12.99. NP SET EYE SLICKS IN SAHARA (k), \$65. MAX FACTOR WILD SHADOW POT IN BURNED BARK (l), \$12.95.

With the right creams, Sofia Vergara just dazzles in the spotlight.

**Did you know?** Whiter teeth lift your complexion. Try Colgate Optic White, \$7.99. [www.priceline.com.au](http://www.priceline.com.au).

## 4. Lip tricks

The most flattering colour for thinning lips is two shades more intense than your natural lip colour, says Liz. 'Try a lipstick when you have no make-up on, and you'll look either tired or awake – it will be really obvious!'

'Gloss is also a great way to hide dry lips, and makes your lips look bigger, too,' advises Liz.

To prevent long-wearing lipstick from bleeding, let the base dry without rubbing lips together, then put on the top coat.

**WE LOVE** MAX FACTOR LIPFINITY LIP COLOUR (m), \$30.95. REVLON COLORBURST LACQUER BALM IN PROVOCATEUR (n), \$17.95. BURT'S BEES LIP SHINE IN SMOOCH (o), \$14.95.

Choose a flattering peach tone (pink can be too youthful) that illuminates your skin to give a three-dimensional dewiness to sallow skin.

**WE LOVE** L'ORÉAL PARIS NUDE MAGIQUE BB BLUSH (p), \$22.95. NATIO BLOOM & GLOW CREAM BLUSH STICK (q), \$17.95. REVLON CREAM BLUSH IN CHARMED (r), \$26.95.

## 5. Trust in blush

Swapping from a powder to a cream blush and taking it high on the cheekbone lifts the face and makes cheeks appear fuller.

Julia Roberts uses mascara and dark liner to make her eyes pop.
