CELEBRITY *Summer Hair* MUST-HAVES

Stay in style with these celebrity must-have beauty buys!

LOVE THE HAIR YOU WERE BORN WITH

Macadamia Natural Oil Luxurious Oil Treatment penetrates the hair and scalp to increase strength, promote shine and manageability, and create a long-lasting, tangle-free, frizz-free finish.

HAIR'S BEST FRIEND

Nth Degree haircare transforms hair into the richly hydrated, super-smooth tresses you deserve. It's infused with keratin and argan oil to create radiant, resilient and silky perfection. Hair to the highest power!

GET THE LOOK

For an easy summer vibe, wrap large sections of hair around a **Silver Bullet** conical curler. After hair cools, flip your head upside down and run fingers through your hair.

PREVENT HEAD LICE

Guard against summer head lice in your little ones. **Little Green Lice Guard** is a three-step system that helps repel head lice. Non-toxic and specially formulated for sensitive skin, it's an effective yet gentle solution!

SUMMER STREET STYLE

Create texture, serious volume and that gritty second-day hair look the style set loves. **New York Streets** styling products will give urban street style to short and medium-length textured hairstyles.
